INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of CALMRA, Inc. Laurel, Maryland

We have audited the accompanying financial statements of CALMRA, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors of CALMRA, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CALMRA, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited CALMRA, Inc.'s 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 6, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects with the audited financial statements from which it has been derived.

Note 1 - Summary of Significant Accounting Policies

Nature and Organization

CALMRA, Inc. (the Organization) is a not-for-profit organization and was incorporated in the State of Maryland on November 27, 1984, and began operations in 1992. The Organization provides residential, individual, and community support services for adults with developmental disabilities.

Basis of Accounting

The Organization prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Financial Statement Presentation

The financial statements of the Organization have been prepared in accordance with U.S. Generally Accepted Accounting Principles, which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

<u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions that may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management or Board of Directors.

<u>Net assets with donor restrictions</u>: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2020 and 2019, the Organization did not have any net assets with donor restrictions.

Summarized Financial Information

The financial statements include certain prior year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

Reclassifications of Prior Year Balances

Certain reclassifications of the prior year balances have been made to conform to current year presentation.

Note 1 - Summary of Significant Accounting Policies (Cont.)

Revenue Recognition

Contributions received are recorded as support with donor restrictions or support without donor restrictions, depending on the existence and/or nature of any donor-imposed restriction. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Unexpended grant awards are classified as refundable advances until expended for the purposes of the grants since they are considered conditional promises to give.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the statement of financial position date and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allocation of Functional Expenses

Accounting principles generally accepted in the United States of America require all not-for-profit organizations to present their expenses on a functional basis, separating program services from management and general and fundraising expenses. Expenses are either charged directly to program services as incurred or allocated based on estimates of time and effort or usage. The expenses that have been allocated based on estimates of time and effort or usage include the following; salaries and related expenses, depreciation, repairs and maintenance, supplies, and various occupancy costs.

Measure of Operations

The statement of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Organization's ongoing program services. Nonoperating activities are limited to resources from other activities considered to be of a more unusual or nonrecurring nature. Nonoperating activities for the year ended June 30, 2020 consist of other grant income from the Paycheck Protection Program (See Note 14).

Note 1 - Summary of Significant Accounting Policies (Cont.)

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents represent deposits in checking and savings accounts and certificates of deposit with maturities of ninety days or less, except cash and money market funds that are part of an investment portfolio.

The Organization manages funds for consumers in the residential program. The funds are deposited into a separate collective consumer representative payee bank account and are included with cash on the statement of financial position. The balance in the consumer representative payee account at June 30, 2020 and 2019 was \$30,765 and \$3,871, respectively.

Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Assets costing \$500 or more and having a useful life of more than one year are capitalized. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. Gifts of long-lived assets such as land, buildings, or equipment are recorded at their fair values and reported as support without donor restrictions, unless explicit donor stipulations specify how the donated assets must be used.

Accounts Receivable

Accounts receivable from funding sources consist of amounts due from the State of Maryland Department of Health, Montgomery County, and Prince George's County for program fees and grants. Other accounts receivable consist of amounts due from consumers. All accounts receivable are considered fully collectible at June 30, 2020 and 2019. Accordingly, an allowance for doubtful accounts has not been established.

Donated Services, Materials, and Equipment

Contributed services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. There were no amounts recorded for contributed services, materials, or equipment for the years ending June 30, 2020 and 2019.

Note 1 - Summary of Significant Accounting Policies (Cont.)

Advertising

The Organization's policy is to expense advertising costs as the costs are incurred. Total advertising costs for the years ended June 30, 2020 and 2019 amounted to \$45 and \$50, respectively.

Income Tax Status and Income Tax Position

The Organization is exempt under Section 501(c)(3) of the Internal Revenue Code and is classified as other than a private foundation. It is exempt from paying federal income tax on any income except unrelated business income. No provision has been made for income taxes as the Organization has had no significant unrelated business income.

The Organization follows the guidance of ASC 740-10, "Accounting for Uncertainty in Income Taxes" which clarifies the accounting for the recognition and measurement of the benefits of individual tax positions in the financial statements, including those of not-for-profit organizations. Tax positions must meet a recognition threshold of more-likely-than-not in order for the benefit of those tax positions to be recognized in the Organization's financial statements.

The Organization analyzes tax positions taken, including those related to the requirements set forth in IRC Sec. 501(c)(3) to qualify as a tax-exempt organization, activities performed by volunteers and Board members, the reporting of unrelated business income, and its status as a tax-exempt organization under Maryland State statute. The Organization does not know of any tax benefits arising from uncertain tax positions and there was no effect on the Organization's financial position or changes in net assets as a result of analyzing its tax positions. Fiscal years ending on or after June 30, 2017 remain subject to examination by federal and state authorities.

New Accounting Pronouncement

On July 1, 2019, the Organization adopted ASU 2018-08, "Not-for-Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made." This standard provides additional guidance to be used to determine whether a contribution is conditional and when a transaction should be accounted for as a contributions versus an exchange. ASU 2018-08 has been applied retrospectively to all periods presented. The adoption of ASU 2018-08 did not have any impact on the Organization's financial position, result of operations or cash flows.

Note 2 - Availability and Liquidity

The following represents the Organization's financial assets at June 30:

	2020	2019
Financial assets at year end:		
Cash and cash equivalents	\$ 1,579,679	\$ 84,827
Investments	-	402,415
Accounts receivable - funding sources	634,887	224,952
Accounts receivable - other	5,619	140,564
Total financial assets	2,220,185	852,758
Less amounts not available to be used within one year:		
Consumer cash	(30,765)	(3,871)
Investments secured by margin line of credit		(154,064)
Financial assets available to meet general expenditures		
over the next twelve months before Board designations	2,189,420	694,823
Less: Board-designated funds		(172,825)
Financial assets available to meet general expenditures		
over the next twelve months	\$ 2,189,420	\$ 521,998

The Organization's goal is to establish at least three months of average recurring operating costs in available liquidity (approximately \$1,660,000). Monthly average recurring costs are calculated by dividing total operating expenses for the year by twelve months. In addition to calculating the actual operating reserve at year end, the target minimum reserve will be calculated each year after approval of the annual budget. As part of its liquidity plan, excess cash is invested in an investment account to be used for operations.

The Organization has a \$300,000 line of credit available to draw upon in the event of an unanticipated liquidity need. The Organization also has equity in its properties located in Prince George's and Montgomery Counties. The Organization may choose to use any available equity after all other options have been exhausted.

Note 3 - Concentration of Cash Balances

At various times during the year, the Organization maintained cash balances in excess of the federally insured limit. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. As of June 30, 2020 and 2019, amounts held in excess of the FDIC insured coverage limit were approximately \$1,278,000 and \$-0-, respectively.

Note 4 - Investments

Investments are recorded at fair market value. The Organization liquidated the investments during the year ended June 30, 2020. Investments consisted of the following at:

June 30, 2019			
	Fair	Gross	
	Market	Unrealized	
Cost	Value	Gain (Loss)	
\$ 11,328	\$ 11,328	\$ -	
84,936	83,731	(1,205)	
289,302	307,356	18,054	
\$ 385,566	\$ 402,415	\$ 16,849	
	\$ 11,328 84,936 289,302	Fair Market Cost Value \$ 11,328 \$ 11,328 84,936 \$ 83,731 289,302 307,356	

Note 5 - Fair Value Measurement

ASC 820-10 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets:
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 5 - Fair Value Measurement (Cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As of June 30, 2019, investments whose values are based on quoted market prices in active markets, and are, therefore classified with Level 1, include cash and money market funds held in brokerage accounts and active listed mutual funds.

As of June 30, 2019, investments whose values are based on other than quoted prices that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active, and therefore classified with Level 2, include fixed income bonds.

The table below presents the balances of investments measured at fair value on a recurring basis by level within the hierarchy as of:

		June 3	0, 2019	
	Level 1	Level 2	Level 3	Total
Cash/money market Mutual funds Fixed income bonds	\$ 11,328 83,731	\$ - - 307,356	\$ - - -	\$ 11,328 83,731 307,356
	\$ 95,059	\$ 307,356	\$ -	\$ 402,415

Note 6 - Property and Equipment

A summary of property and equipment follows for June 30:

	Estimated		
	Lives	2020	2019
Land Buildings Furniture and equipment Vehicles Vehicles Capital and leasehold improvements	25 - 30 years 5 - 10 years 75,000 miles 5 years 5 - 30 years	\$ 2,274,829 4,066,370 258,563 77,084 973,692 2,021,549	\$ 2,424,936 4,345,141 245,547 174,574 869,221 2,034,693

Net property and equipment		\$ 6,216,960	\$ 6,734,047

Depreciation expense for the years ended June 30, 2020 and 2019 was \$433,176 and \$407,425, respectively.

Note 7 - Restricted Deposits

The Organization is required to maintain a reserve for replacements escrow account for each residential property financed through Maryland Department of Housing and Community Development (MDHCD). As of June 30, 2020 and 2019, the cumulative monthly deposits required to be made into the reserve for replacements escrow accounts was \$537 and \$2,362, respectively. Effective June 1, 2020 MDHCD suspended the requirement to deposit funds into the reserve for replacements for 13 of the mortgages through May 30, 2021. The Organization must request approval from MDHCD to expend the funds for approved repairs and replacements. As of June 30, 2020 and 2019, the balance in the reserve for replacement accounts was \$249,928 and \$226,467, respectively.

Note 8 - Mortgages and Notes Payable

To comply with ASU 2015-3, the Organization reports debt issuance costs as a direct deduction from the face amount of the related debt. The Organization reports amortization of debt issuance costs as interest expense. Debt at June 30, 2020 and 2019 is shown net of unamortized debt issuance cost of \$2,836 and \$3,033, respectively.

Note 8 - Mortgages and Notes Payable (Cont.)

Details and balances of mortgages and notes payable are as follows for years ending June 30:

Details and balances of mortgages and notes payable are as follow	2020	2019

Long-term portion	\$ 3,693,426	\$ 3,905,018

Note 8 - Mortgages and Notes Payable (Cont.)

The Organization has entered into certain participation mortgage loans with Maryland Department of Housing and Community Development (DHCD). These loans totaled \$1,544,497 and \$1,649,475 as of June 30, 2020 and 2019, respectively. These agreements entitle DHCD to 50% of the appreciation, as defined in the agreement, upon sale, refinancing, or transfer of the related property; upon ceasing use of the related property for its stated purpose; or default or maturity of the related note. At June 30, 2020 and 2019, the Organization has recorded a participation liability of \$393,289 and \$342,522, respectively, and a related mortgage loan discount of \$234,476 and \$197,464, respectively in connection with these agreements.

The State Employee Credit Union (SECU) mortgage agreement contains various covenants, which among other things, places restrictions on the Organization's ability to incur additional indebtedness, requires the Organization to maintain certain financial ratios, and prevents the Organization for loaning money, or selling the building or merging with another entity.

Required principal payments are as follows for future years ending June 30:

2021	\$ 253,852
2022	193,923
2023	156,393
2024	271,889
2025	423,919
Thereafter	2,884,614
	\$ 4,184,590

For the years ended June 30, 2020 and 2019, total interest expense was \$250,584 and \$250,688,respectively.

Note 9 - Lines of Credit

In April 2008, the Organization obtained a revolving line of credit with a bank. The borrowing limit is \$300,000, with interest at the prime rate plus 1%, limited by a floor on the interest rate at a minimum of 4%. The line of credit is secured by cash, securities, and property of the Organization. As of June 30, 2020 and 2019, the balance outstanding on the line of credit was \$300,000.

In March 2012, the Organization entered into a line of credit with a bank. The borrowing limit is \$125,000, with interest at the prime rate plus 1%. The line of credit is available to assist with the purchase of equipment or to finance improvements to group homes. As of June 30, 2020 and 2019, the balance outstanding on the line of credit was \$50,223 and \$-0-, respectively.

Note 10 - Margin Line of Credit

During the year ended June 30, 2019, the Organization had a margin line of credit available from its investment broker. The margin account was secured by the investments. The interest rate at June 30, 2019 was 8.12%. The balance outstanding as of June 30, 2019 was \$154,064.

Note 11 - Capital Lease Obligations

The Organization has entered into several lease arrangements for vehicles, which have been accounted for as capital leases. The terms of the leases range between 36 - 60 months. At June 30, 2020 and 2019, aggregate monthly payments of \$16,177 and \$14,429, respectively, include principal and interest ranging between 5.9% - 6.9%. At June 30, 2020 and 2019, the total cost of vehicles acquired was \$973,692 and \$869,221, respectively. The remaining book value at June 30, 2020 and 2019 was \$396,238 and \$444,830 respectively. Amortization of the vehicles is included in depreciation expense.

Future minimum lease payments under these leases are as follows:

Year Ending June 30	
2021	\$ 149,233
2022	138,545
2023	165,078
2024	67,782
2025	47,396
Less payments representing interest	568,034 (70,780)
Present value of future lease payments (including current portion of \$119,928)	\$ 497,254

Note 12 - Accrued Vacation

Employees of the Organization are entitled to paid vacation, depending on the length of service and job classification. At June 30, 2020 and 2019, there was \$223,593 and \$175,625, respectively, of vacation benefits due employees.

Note 13 - Retirement Plan

The Organization has established a 403(b) tax-deferred annuity plan for all eligible employees. The Organization matches employees' voluntary contributions of up to 3% to 6% of base pay, depending on the length of employment. Pension expense for the years ended June 30, 2020 and 2019 was \$67,328 and \$65,867, respectively, and is included in fringe benefits in the financial statements.

Note 14 - Paycheck Protection Program

In April 2020, the Organization received \$926,200 under the United States Small Business Administration's (SBA) Paycheck Protection Program (PPP). The PPP funding is legally structured as a forgivable loan by the SBA. In order to achieve forgiveness of the loan, the Organization must spend the funding for specific purposes and also must generally maintain its full-time equivalent level of staffing over a defined time period.

The Organization has accounted for the PPP funding as a conditional grant in the financial statements. As of June 30, 2020, the Organization's management believes the Organization has met the substantial requirements for partial forgiveness of the loan and as such, has recorded grant revenue totaling \$837,250 during the year ending June 30, 2020. The remaining balance of the loan that did not meet the criteria for recognition as of June 30, 2020, amounted to \$88,950 and is included in deferred revenue. The Organization's PPP funding is subject to a formal forgiveness application.

Note 15 - Net Assets Without Donor Restrictions – Board-Designated

Board-designated net assets represent cash and investment accounts which the Board of Directors has designated to be used for future program improvements and expansion. The Board of Directors released the designated net assets during the year ended June 30, 2020.

Board-designated net assets include the following for the year ended June 30, 2019:

Cash	\$ 12,097
Investments	160,728
	\$ 172,825

Note 16 - Special Events Revenue

The direct costs of special events have been netted with special events revenue. There were no special events during the year ended June 30, 2020. Special events revenue and direct costs consisted of the following at June 30, 2019:

Revenues	\$ 26,667
Direct expenses	 (10,103)
Total net revenues	\$ 16,564

Note 17 - Contingencies

The Organization receives a substantial portion of its revenue from government grants and contracts, all of which are subject to audit by the government. Until such audits have been completed and final settlement reached, there exists a contingent liability to refund any amounts received in excess of allowable costs. Management of the Organization is of the opinion that no significant liability will result from audit adjustments, if any.

During the year ended June 30, 2006, the Organization received grant funds in the amount of \$75,000 from the State of Maryland for residential renovations. If the property is sold or transferred within thirty years to a non-approved person, agency, or organization after the completion of the renovation project, the State is entitled to receive an amount bearing the same ratio to the then current fair market value of the property.

In March 2020, the Organization experienced disruption of its daily operations due to the global COVID-19 (coronavirus) pandemic. While the Organization expects this matter could potentially negatively impact its results of operations, cash flows, and financial position, the related impact cannot be reasonably estimated at this time.

Note 18 - Significant Funding Source

The Organization receives a majority of its total revenues through the State of Maryland Department of Health. The Organization is highly dependent upon government funding to continue its operations.

Note 19 - Subsequent Events
